Some training provides the option to complete in STEPP or DTIC; to complete in DTIC no registration is required. If you prefer to complete in STEPP, or no other option is provided, you will need to create an account to log in – click "create a STEPP User Account under Option 1 or click "Create your new STEPP user account" in the logon popup window. An account is required to access using your CAC and the process is lengthy; unless you intend to access STEPP often it's easier to access using an account.
